PERSONAL PROJECTS

Hotel Web For menu (12/2021 - Present)
- I made this with help of my instructor. User can see whats the menu of hotel and how much it cost for ordering.In this project i used React and libraries bootstrap
- https://food-hotel.vercel.app/

Github Wrap (01/2022 - Present)
- In this project I used github api. It will show ay user stats like 1.How many repos user made 2.How many stars till date 3.How many contribution he did
- https://github-wrap.vercel.app/

Text Converter (09/2021 - Present)
- I used React and bootstrap where we can make any text into lowercase to uppercase and vice versa.
- https://text-form-pi.vercel.app/
